Dear Harold,

Hoss is just going to type you a short note to let you know everything is okay, and that i have kept my promise to deliver JB from the Dev ils in Alabama.
Hoss said that.
I'll get some pictures taken of my Car and send you one in the near future.
As i promised i have a 1972 Cadillac Sedan Deville Now.
Hoss was getting a lot of static about driving a Ford Maverick, so Hoss traded it for a Cadillac, naturally Hoss had to pay a few hundred to boot.
Hoss Said That.
I'll make you a tape in the near future and explain more about why i left my job before i planned to, as i wasnt figuering on leaving it until May 1.
I left on account of a Buck Nigger, but it's a long story and it needed to be explained on tape.
I havent visited Jimmy yet, but i'am driving to Petros tomorrow, and will visit him to= morrow afternoon.
I'll sign off for now and get this in the mail, i mainly just wanted to let you know that i'am alive and well .

sincerly

Hoss .
